CORPORATE SOCIAL RESPONSIBILITY

Dear Friend,

Good news!! We are humbled and honored that we won the Gold award at the Hospital Management Asia (HMA) 2014. The win was extremely sweet for two reasons; we were the 1st non-profit organization to ever bag this prestigious award and secondly we were the sole Malaysian winner for the year 2014.

Almost 1000 delegates from all over the world witnessed us winning the Gold award for the Corporate Social Responsibility (CSR) category; one of the 11 categories at the awards.

308 entries from 82 hospitals in 12 countries, and MAA Medicare won!

We have much to be thankful and grateful for. We share this win with each and every one of you who have seen us grow the past 20 years. With your continuous support, we know we can do much more. Our journey continues as we embark on our new vision of helping needy Malaysians alleviate the pain and suffering of other diseases and ailments, besides kidney failure.

We reveal with great pride, our change in name to MAA Medicare Charitable Foundation. We believe that over the next 20 years we will be able to assist more underprivileged Malaysians receive quality treatment they otherwise would not be able to afford.

Thank you again, for standing by us!
