

New dialysis machine at MAA Medicare Kajang

KAJANG: Amcorp Properties Bhd recently donated a dialysis machine to the MAA Medicare charity dialysis centre, here.

To mark the event, a machine tagging ceremony was held at the centre and attended by Amcorp Properties Bhd deputy chairman Shalina Azman and MAA Medicare board of trustee member, Tan Sri Lee Lam Thye.

"We are delighted to donate a dialysis machine as we are aware that kidney disease is on the rise in

Malaysia and more people are undergoing dialysis treatment. By donating a dialysis machine, we are glad that we are able to help and save lives," said Shalina.

Statistics show an increase of 5,000 kidney patients every year.

"We wish to thank Amcorp Properties Bhd for its generosity in donating the machine for the benefit of the patients in Kajang, as this dialysis centre has no partnership with any other associations or clubs," said Lee. **By Farhana Syed Nokman**
