MMA Medicare nursing staff to hold fund-raising event

KOTA KINABALU: Nursing staff from the MMA Medicare Charitable Foundation will hold a charity bowling tournament to benefit the kidney patients of Peter Mole MBE-MMA Medicare Charity Dialysis Centre of Kota Kinabalu on June 7.

MAA Medicare, a non-profit organisation, in a statement yesterday, said proceeds from the participants and sponsorship of the event would be channeled to the centre which is located at 88 Marketplace near here.

The "2015 Strike for Hope" is held for the second time, an annual activity for charitable organisation.

It said 15 teams will compete in this fund-raising event for humble prizes.

Local businesses donated many of the prizes and contributed

to the cost in order to support what promises to be an enjoyable community activity.

The activity is not only targeting to raise funds but also aims to raise general awareness about the plight of kidney patients. Several patients will also be present, participating and meeting with the 60 expected participants.

The Peter Mole MBE-MMA Medicare Charitable Foundation currently cares for 63 patients with 15 dialysis machines.

Established in Kota Kinabalu since 2002, it is currently celebrating its 13th year since operating in the State.

2015 Strike for Hope will be held at CPS Bowl, Centre Point Sabah. Donations and contributions are welcome.
